

# TRAP TAG TEMPLATE

## HUMANE TRAPPING IN PROGRESS

Members of your community are caring for the cats through Trap-Neuter-Return (TNR). We are taking the cats to get spayed or neutered, vaccinated, and eartipped (the universal symbol of a neutered and vaccinated cat). We then return healthy, adult community cats—also called feral cats—to their outdoor home.

**Do not touch or move traps. Cats are not friendly—may bite!**  
**Fully cover trap with a towel to keep calm.**
